EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. David LaPrairie on 8/4/10.

The application has been amended as follows:

Claim 56:

Please change "said addition-curable material disposed on said at least one substrate." as found on the last line of claim 56 to -- said addition-curable material is disposed on said at least one substrate.--

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Independent claim 1 is allowable by virtue of its inclusion of allowable subject matter indicated in the previous Office action (claim 5, now canceled). Reasons for claim 1 being allowable can be found in the previous Office action. Newly added independent claim 56 is directed to a composite article which comprises at least one substrate which is comprised of a resin component and an additive, and an addition-curable material disposed on the said at least one substrate. There are three claimed additives which may be employed: (1) a fluorine-substituted organopolysiloxane, (2) an amino-functional organopolysiloxane, or (3) an unsaturated carboxylic acid or carboxylic acid salt. The fluorine-substituted organopolysiloxane is not taught or suggested by the prior art as discussed in the previous Office action. A further search of the prior art regarding the claimed composite article comprising additives (2) or (3) was undertaken. For reasons similar to that in the previous Office action regarding additive (1), the prior art does not teach or suggest employing the additives of independent claim 56 in conjunction with the claimed resin, in order to serve as substrates for an addition-curable material to be disposed thereon.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
